Risk Statement

RRS Rule 4 of the Racing Rules of Sailing states: "The responsibility for a boat's decision to participate in a race or to continue racing is hers alone."

Sailing is by its nature an unpredictable sport and therefore inherently involves an element of risk. By taking part in the event, each competitor agrees and acknowledges that:

- (a) They are aware of the inherent element of risk involved in the sport and accept responsibility for the exposure of themselves, their crew and their boat to such inherent risk whilst taking part in the event;
- (b) They are responsible for the safety of themselves, their crew, their boat and their other property whether afloat or ashore;
- (c) They accept responsibility for any injury, damage or loss to the extent caused by their own actions or omission;
- (d) Their boat is in good order, equipped to sail in the event and they are fit to participate;
- (e) The provision of a race management team, patrol boats and other officials and volunteers by the event organiser does not relieve them of their own responsibilities;
- (f) The provision of patrol boat cover is limited to such assistance, particularly in extreme weather conditions, as can be practically provided in the circumstances;
- (g) Their boat is adequately insured, with cover of at least £3,000,000 against third party claims.

Free camping will be available at the club and the galley and bar will be open throughout the weekend.

RAILWAY SAFETY

UTSC ACCESS

Access to the club is across the Railway Line. At all times members, event participants and guests must adhere to regulations regarding the use of the railway crossing, as displayed on the crossing gates and the club notice board. It is essential to the club's future that the continued use of the crossing is ensured and the good relations with the railway authorities are maintained.

There are pedestrian gates and boat crossing gates.

All members and guests must use the pedestrian gates. If you hear a train hooting you must stay outside the crossing gates with the gates closed. A train is approaching, even if out of sight, so do not cross, but wait for the train to pass, standing **OUTSIDE the **CLOSED** gate.**

When the line is clear please cross quickly and close all gates behind you. Do not try to carry too much kit across at one time.

Boat crossing gates: Railway rules state that both gates must be fully open before starting to bring boats across. Do not take a boat across on your own.

Please minimise repeat visits across the railway line to minimise risk.

There is a published railway timetable but trains do not always run to time.

Please ensure that all visitors and spectators who may arrive independently are thoroughly briefed about railway safety.

THANK YOU
